PROFESSIONAL SUMMARY

I build products with a developer's precision and a strategist's mindset. With 3+ years of hands-on experience across fintech, media, and manufacturing ops, I've led product rollouts, re-architected user journeys, and coded scalable backend systems, all while driving double-digit growth metrics. I've pitched to leadership, collaborated with design, debugged production logs, and turned vague problems into shipped features. Now pursuing a Master's in Data & Knowledge Engineering in Germany, I bring sharp technical skills, deep product empathy, and a bias for action to every challenge I take on.

WORK EXPERIENCE

- | | |
|---|----------------------------|
| Product Manager, Family-Owned Manufacturing Business | 01.2024 – 02.2025
India |
| <ul style="list-style-type: none">• Spearheaded development of procurement, inventory, and vendor analytics tools, cutting manual reporting time by 40%.• Translated legacy workflows into modular tools after synthesizing field feedback from 20+ operators.• Uncovered 15+ systemic delays through full cycle supply chain audits, shaping a digitization roadmap projected to cut operational lag by 30%.• Deployed real time dashboards used by stakeholders daily, increasing KPI visibility across departments and accelerating shift level decisions by 25%.• Structured event models for GA4, enabling granular tracking across multi step manufacturing workflows. | |
| Product Executive, Associated Broadcasting Co. Pvt Ltd (TV9) | 01.2023 – 12.2023
India |
| <ul style="list-style-type: none">• Delivered end-to-end website transformation, improving organic traffic by 150%, retention by 44%, and engagement time by 156%.• Authored 20+ detailed PRDs and prioritized backlog via RICE framework, ensuring 90% feature alignment with user impact and delivery feasibility.• Orchestrated feature releases across five cross-functional teams using Agile/Scrum, driving a 20% reduction in cycle time and improving team velocity by 12 story points per sprint.• Re-architected site architecture to reduce LCP and TBT by 40%, achieving Core Web Vitals compliance on 85% of high-traffic pages.• Facilitated UX discovery through user interviews, A/B testing, and iterative prototyping in Figma. | |
| Associate Software Engineer, Highradius Corporation | 06.2022 – 12.2022
India |
| <ul style="list-style-type: none">• Engineered backend services using Spring Boot and Java, powering APAAS and log analytics tools used across B2B clients.• Automated CRUD generation through custom Java agents, decreasing engineering overhead by 30%.• Constructed REST APIs and log processors linked to MySQL handling 100K+ daily events, supporting scalable event-based analytics.• Maintained >90% test coverage using JUnit and Mockito, enabling high-confidence CI/CD pipelines. | |

- Liaised with **QA** and **product** to resolve **30+ bugs per sprint**, maintaining **95% on time delivery** rate across 4 consecutive releases.

Software Development Intern, Highradius Corporation

06.2021 – 06.2022

India

- Directed intern squad for Advanced **RPA** team.
- Deployed **tokenization-driven** backend modules to supersede fragile **regex** based **parsing**.
- Rolled out full-stack dashboard (**React + Spring Boot + MySQL**), integrating analytics and control functions.
- Automated manual developer tasks, improving code delivery speed by **40%**.
- Contributed in **Agile sprints**, leading weekly demos and backlog grooming sessions with mentors.

SKILLS

Product Management

Product Strategy / Product Development Lifecycle / User Experience (UX) Design / Product Metrics & Analytics

Programming Language

Core Java / Python / C/C++ / JavaScript

Database

SQL / MySQL

Analytics Tools

Google Analytics (GA) / CleverTap

Frontend

CSS / React.js / HTML / Ext.js

Testing

JUnit / Mockito / Selenium

Software Development

Data Structures and Algorithms / API Development / Object-Oriented Programming

Project Management

JIRA / Agile Methodologies / Prioritization / Stakeholder Management

Framework

Spring Boot / Spring MVC / Hibernate

DevOps

Maven / Git

IDE

Eclipse / VS Code / Jupyter Notebook

EDUCATION

Master of Science - Data and Knowledge Engineering,

Otto-von-Guericke-University

04.2025 – present

Magdeburg, Germany

Bachelor of Technology - Computer Science and Engineering,

Kalinga Institute of Industrial Technology

06.2018 – 05.2022

9.09 CGPA

Bhubaneswar, India
